RETRACTABLE FABRIC ROOF
MED JEANS

Gibus Australia
www.gibus.com.au

The Med Jeans offers a lightweight, slimline design with intersecting lines that complement both traditional and contemporary architecture. The frame guides water through integrated gutters and into the hidden structural downpipes to escape via floor level outlets.

Each roof is custom designed to suit exact specifications and is available with integrated LED lighting to ensure entertaining can continue from day to night.

Optional gable to enclose sides with doors or blinds

DIMENSIONS

	1 Module	2 Module
Min Width	2,000mm	4,500mm
Max Width	4,500mm	7,000mm
Min Projection	2,000mm	2,000mm
Max Projection	5,000mm	5,000mm

FEATURES & BENEFITS

- Provides UV, heat and weather protection.
- Waterproof PVC fabric - available in a wide range of colours.
- Ideal for small to medium outdoor areas - two modules can be connected with support bars.
- Architectural design and finishing - unobtrusive fixings to the wall or ceiling and ground.
- Leaning structure with integrated gutter and down pipes - water drains out through the posts.
- Partially or fully retractable as required.
- When fully retracted the fabric is protected by a roof cover.
- Tested to withstand winds that exert a maximum pressure of 110Nm or similar to a persistent wind speed of 49km/hr.
- Powder coat finishes available for aluminium frame, support bars and front rail – durable with superior colour retention.
- Motorised (240v tubular motor) with remote control.
- 5 year manufacturers warranty.

OPTIONAL EXTRAS

- LED spotlights - integrated into the support profiles.
- Sun/wind or rain sensor.
- 11. QU - outdoor drop blinds.
- Glisse - sliding glass doors.
- Electric heater.

Left to right: 1. UV resistant fabrics maintain comfort 2. LED Spotlights 3. Ground fixing with downpipe outlet 4. Guides and front profile - hidden fixings
