FABRIC RETRACTABLE ROOF

MED 85

Gibus Australia
www.gibus.com.au

The Mediterra 85 retractable fabric roof is an all-in-one solution for rain, heat and sun/UV ray protection.

The stylish design allows the roof to be partially or fully retracted as required, and is available in a wide selection of powder coat and fabric colours.

For large areas multiple modules can be connected together and operated in sync.

FEATURES & BENEFITS

- Provides UV, heat & weather protection.
- Waterproof PVC fabric - available in a wide range of colours.
- Ability to protect large outdoor areas - multiple modules can be connected with support bars.
- Install into existing structures or custom designed spaces
- Ability to be partially or fully retracted as desired.
- When fully retracted the fabric is protected by a colour matched aluminium cover plate.
- Tested to withstand winds that exert a maximum pressure of 110Nm or similar to a persistent wind speed of 49km/hr.
- Powder coat finishes available for aluminium frame, support bars & front rail – durable with superior colour retention.
- Motorised (240v tubular motor) with remote control.
- 5 year manufacturers warranty.

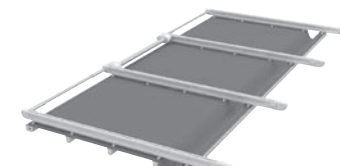

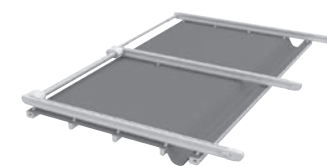

DIMENSIONS

	1 Module	2 Module	3 Module
Min Width	2,500mm	5,500mm	9,000mm
Max Width	5,500mm	9,000mm	12,000mm
Min Projection	2,000mm	2,000mm	2,000mm
Max Projection	7,000mm	7,000mm	7,000mm

OPTIONAL EXTRAS

- LED spotlights - integrated into the support profiles.
- Sun/wind or rain sensor.
- Electric heater.
